WORK EXPERIENCE

Charter College, Prospect Edu • Remote • 05/2023 - Present

As an Admissions Advisor at Charter College, I successfully guided many (100+) students through the enrollment process, providing personalized support and expert advice at every step on program options, financial aid, and career pathways post-graduation. I developed and maintained strong relationships with my students, ensuring a clear understanding of their goals and how our curriculum and resources would help them achieve success. Informed by data-driven insights, I implemented targeted outreach strategies that significantly increased our enrollment rates while fostering a welcoming and inclusive environment for all applicants. My commitment to student success and effective communication skills contributed to a positive admissions experience and strengthened the college's reputation in the community.

Admissions Advisor • Full-time

Cat6 Consulting • 09/2018 - Present

As a LAN Technician at Cat6 Consulting, I played a key role in the installation, maintenance, and troubleshooting of local- and wide-area networks for Amazon Web Services (AWS). I collaborated closely with teams to assess network requirements and implement effective solutions that enhanced connectivity and performance for the unique demands of large-scale conventions. My expertise in configuring routers, switches, and cabling systems ensured seamless communication across client infrastructures. Additionally, I provided on-call technical support to end-users, ensuring that any issues were handled seamlessly and expeditiously. My commitment to delivering high-quality service and proactive problem-solving contributed to improved network reliability and client satisfaction.
